PPO Plus plans can be sold as a standalone plan to employer groups when at least 50% of subscribers enrolled in the PPO Plus plan reside inside AllWays Health Partners' service area.

Employers may offer any two Easy Tier Hospital Network plan options in this portfolio

For employers with more than 20 subscribers enrolled in AllWays Health Partners, additional plan options are available

IMPORTANT NOTICE: These plans include a Tiered Provider Network called Easy Tier Hospital Network. In these plans, members pay different levels of Copayments, Coinsurance, and/or Deductibles depending on the tier of the provider delivering a covered service or supply. These plans may make changes to a provider's benefit tier annually on January 1. Please consult the provider directory at allwayshealthpartners.org to determine the tier of providers in the Easy Tier Hospital Network.

About Easy Tier Hospital Network

Easy Tier plans are simple to understand and use. This plan divides the hospital network into lower and higher cost tiers: Tier 1 (lower cost) and Tier 2 (higher cost). In addition, the tiering is limited to these services: inpatient medical services, outpatient diagnostic imaging and X-ray (including ultrasound), outpatient high-tech radiology (CT Scans, MRIs, etc.), outpatient surgery, outpatient short-term rehabilitation (cardiac, physical, occupational, and speech therapy).

All hospitals in our Easy Tier Hospital Network plans must meet high-quality standards and are measured by a set of quality benchmarks from publicly available resources like Leapfrog and Hospital Compare. To determine a hospital's tier, we used statewide cost data from the Center for Health Information and Analysis, an agency of the Commonwealth of Massachusetts. Based on this data, we identified cost efficient hospitals by hospital type and placed these hospitals in Tier 1 (lower cost).

With Easy Tier, the tiering keeps premiums lower, while the simple plan design makes it easy for members to understand their costs.

Tier 1, lower cost: Most hospitals and affiliated facilities fall into the lower-cost tier, including popular local hospitals like Newton-Wellesley Hospital, North Shore Medical Center, and South Shore Hospital.

Tier 2, higher cost: Higher cost sharing applies only to the following hospitals and some of their affiliated facilities: Beth Israel Deaconess Medical Center, Boston Children's Hospital, Boston Medical Center, Brigham and Women's Hospital, Dana Farber Cancer Institute, Massachusetts Eye and Ear Infirmary, Massachusetts General Hospital, New England Baptist Hospital, Tufts Medical Center, and UMASS Memorial Medical Center
